

UNIVERSITY OF
SOUTH FLORIDA

2021 Virtual Open House

Florida Association of Genetic Counselors

USF Genetic Counseling Program

Thursday, October 7th, 2021
5:00 – 8:00 pm

FLAGC Prospective Student Event: 5:00-7:00 pm

Join us for an opportunity to learn about the field of genetic counseling. Genetic counselors working in Florida in a variety of settings will provide an overview of the profession, their career tracks, and tips for obtaining relevant volunteer experience.

USF GC Program Open House: 7:00-8:00 pm

Following the FLAGC portion of the event will be the annual USF GC Program Open House. This will be an introduction to USF's MSPH degree program in genetic counseling. Current students, program leadership, and clinical supervisors will be available to answer questions and talk about their experiences with the program.

Questions can be sent to geneticcounseling@usf.edu

The event will be livestreamed, and registration is required.
